To whom it may concern:

In order to proceed with the examination of the said mark Applicant must submit the following information:

1. Clearly state the goods and/or services in connection with the mark as used or intended to be used in commerce in Puerto Rico. This applies if the Applicant customized the selection of goods or services.

The Application in reference includes a broad and indefinite description of the goods and/or services in which the trademark will be used. A written application must specify the particular goods and/or services on or in connection with which the applicant uses, or has a bona fide intention to use, the mark in commerce. To "specify" means to name in an explicit manner. The identification should set forth common names, using terminology that is generally understood. The identification of goods and/or services must be specific, definite, clear, accurate, and concise. *In re Societe Generale des Eaux Minerales de Vittel S.A.*, 1 USPQ2d 1296 (TTAB 1986), rev'd on other grounds, 824 F.2d 957, 3 USPQ2d 1450 (Fed. Cir. 1987); The Procter & Gamble Co. v. Economics Laboratory, Inc., 175 USPQ 505 (TTAB 1972), modified without opinion, 498 F.2d 1406, 181 USPQ 722 (C.C.P.A. 1974).

Applicant identifies and classifies the goods and/or services as follows:

Soaps (except for medicinal soaps); perfumery products, toilet water, eau de Cologne; perfumes; extracts of flowers [perfumes]; plant extracts for cosmetic use; incense; after-shave preparations; essential oils; oils for cosmetic use; cosmetic products including foundations, lipsticks, lip gloss, eye shadows, mascaras, eyebrow pencils, eye shadows; hair, face and body powders, creams, sprays and lotions for cosmetic use; cleansing milk for toilet purposes; make-up removing products; deodorants (deodorants for personal use); balms other than for medical use; bath and

shower gels and preparations; beauty masks; hair shampoos and conditioners; toiletries and make-up (cosmetics); products for nail care and embellishment, including nail polish; massage candles for cosmetic use" in International Class 003.

The wording in the identification of goods and/or services needs clarification because it is too broad and could include goods and/or services classified in other international classes. Applicant must clarify the identification of goods and/or to specify the nature of the goods as well as their main purpose and their particular field of use or channels of trade. The applicant may aid in clarifying the indefinite term by following the indefinite subject matter with "namely, [specify goods and/or services by generic or common commercial name and field of use]." Any modification to this wording must identify goods and/or services in properly classified in the original International Class specified in the application for these goods and/or services.

Applicant may substitute the following wording:

"Non-medicated soaps; perfumery, toilet water, eau de Cologne; perfumes; extracts of flowers being perfumes; plant extracts sold as components of cosmetics; incense; aftershave preparations; essential oils; oils for cosmetic use; cosmetics; cosmetic products, namely, foundations, lipsticks, lip gloss, eye shadows, mascaras, eyebrow pencils, eye shadows; hair, face and body powders, creams, sprays and lotions for cosmetic use; cleansing milk for toilet purposes; make-up removing preparations; deodorants for personal use; lip and body balms other than for medical use; bath and shower gels and bath and shower cosmetic preparations; beauty masks; hair shampoos and conditioners; non-medicated toiletry preparations; make-up; products for nail care and embellishment, namely, nail polish; massage candles for cosmetic use" in International Class 003; if accurate.

Be advised that this amendment is illustrative and not exhaustive.
